

Daily Email Notifications

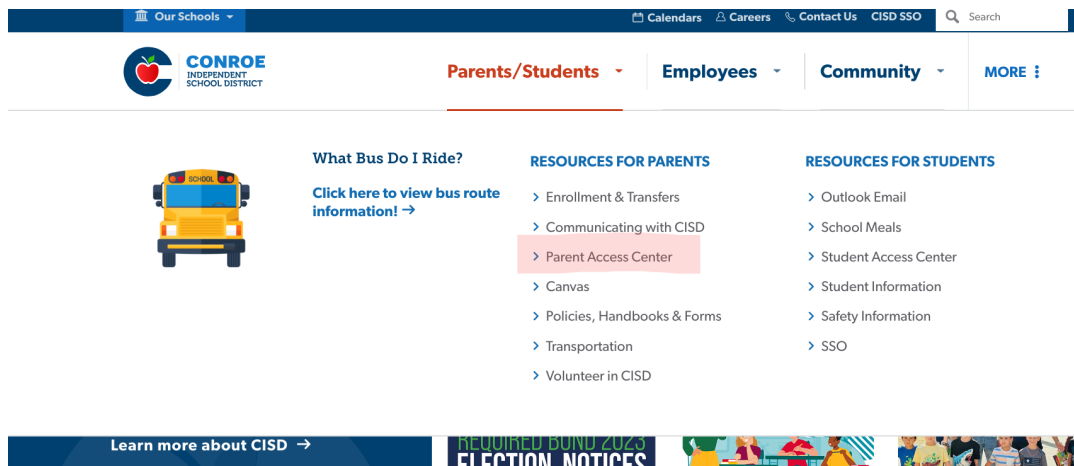

Conroe ISD Library Services has enabled daily email notifications so you are informed of the items checked out by your student. Notifications for these daily messages can be managed in Parent Access Center (PAC) at <https://www.conroeisd.net/parents/>.

If you don't have a PAC account, you will need to register for one to access the email settings.

➤ Go to [conroeisd.net](https://www.conroeisd.net)

➤ Select Parents/Students and select Parent Access Center on the drop-down menu.

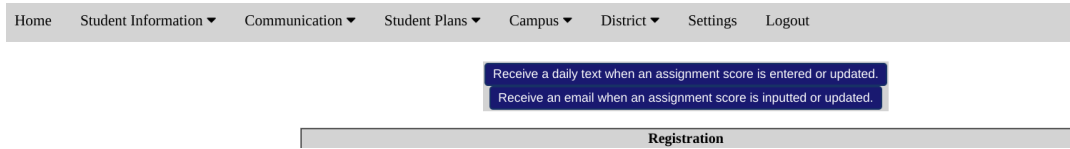

➤ Select Login if you have an existing account in Parent Access Center (PAC).

➤ Select Register if you do not have a PAC account.

You will need to complete all the correct district information for each child enrolled in Conroe ISD. You will be able to use the same login for all student accounts. You will need your student(s) identification number. If you do not have this information, you can contact your student's campus.

➤ Once you have logged in to your PAC account, select the blue notification buttons.

➤ You will then see the option to turn off/on Daily Email Notifications. You can change your preferences anytime. Changes may take up to 72 hours.
